In re patent of: Denis Babin

Patent No.: 7,131,833 B2

Appl. No.: 10/713,211

For: **Nozzle With Thermally Conductive  
Device**

Issued: November 7, 2006

Filed: November 17, 2003

Atty. Docket: MMID 2946

**Request for Certificate of Correction Under 37 C.F.R. §§ 1.322 and 1.323**

Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

Sir:

It is requested that a Certificate of Correction be issued correcting the following errors appearing in the above-identified United States patent. The errors noted are an error made by the Office and an error made by the Applicant. Thus, a fee in accordance with 37 C.F.R. § 1.20(a) accompanies this request.

<b>Error</b>	<b>Support in the Specification or Prosecution History</b>
In column 8, claim 1, line 5, "p1" appears before "a heater." Patentee requests that the "p1" be deleted.	In the Supplemental Amendment and Reply Under 37 C.F.R. § 1.111 filed April 5, 2006, claim 1 does not include "p1" before "a heater." The Office appears to be responsible for this printing error.
In column 9, claim 21, line 1, add -- a -- before "removable".	The addition of -- a -- before "removable" corrects an antecedent basis issue identified by the Patentee upon review of the issued claims. The Applicant is responsible for not identifying and correcting this error during prosecution.

Issuance of the Certificate of Correction would neither expand nor contract the scope of the claims as properly allowed, and re-examination is not required.

A copy of Form PTO/SB/44 is attached with the corrections noted.

Respectfully submitted,

MEDLER FERRO PLLC
